

Virtual Mural Mosaic

Create your artwork within the white square
or create your own square (cardstock is better for paints)

This will be your contribution for the community mural - your art piece will join others to form a Mural

- Art Supplies... Paints work the best but use anything you like to create your art piece! (acrylic paint, Pencil crayons, markers, crayons, mixed media coloured paper etc.)
- Leave NO white - Fill the entire square with color
- Use BLUE or GREEN for overall background color
- Take a photo of your art - attach your picture to the assignment in your Google Classroom.
